

Adding and Subtracting – 2.31

There are a few more questions now — and the number line is gone, too!

1. $13 - 5 = \square$

2. $8 - 6 = \square$

3. $12 + 7 = \square\square$

4. $11 - 4 = \square$

5. $15 + 2 = \square\square$

6. $18 - 15 = \square$

7. $12 + 5 = \square\square$

8. $9 + 9 = \square\square$

9. $16 - 7 = \square$

10. $18 - 12 = \square$

11. $10 + 9 = \square\square$

12. $5 - 5 = \square$

13. $14 - 6 = \square$

14. $19 - 5 = \square\square$

15. $7 + 7 = \square\square$

16. $3 + 2 = \square$

17. $11 - 0 = \square\square$

18. $6 + 4 = \square\square$

19. $7 + 11 = \square\square$

20. $18 - 9 = \square$
