

Graphing – 1.16

Build a line graph with the following information.
Round the numbers to the nearest hundred.

Mel has been trying to get in shape so he has been tracking everything he eats with an app on his phone. It let him see how many calories he has eaten over the last little while.

| | | | |
|-------------|-------------|-------------|--------------|
| Day 1: 2510 | Day 4: 3155 | Day 7: 2540 | Day 10: 2300 |
| Day 2: 2125 | Day 5: 3305 | Day 8: 2280 | Day 11: 2080 |
| Day 3: 2790 | Day 6: 2860 | Day 9: 2108 | Day 12: 1930 |

Total Calories Eaten
