

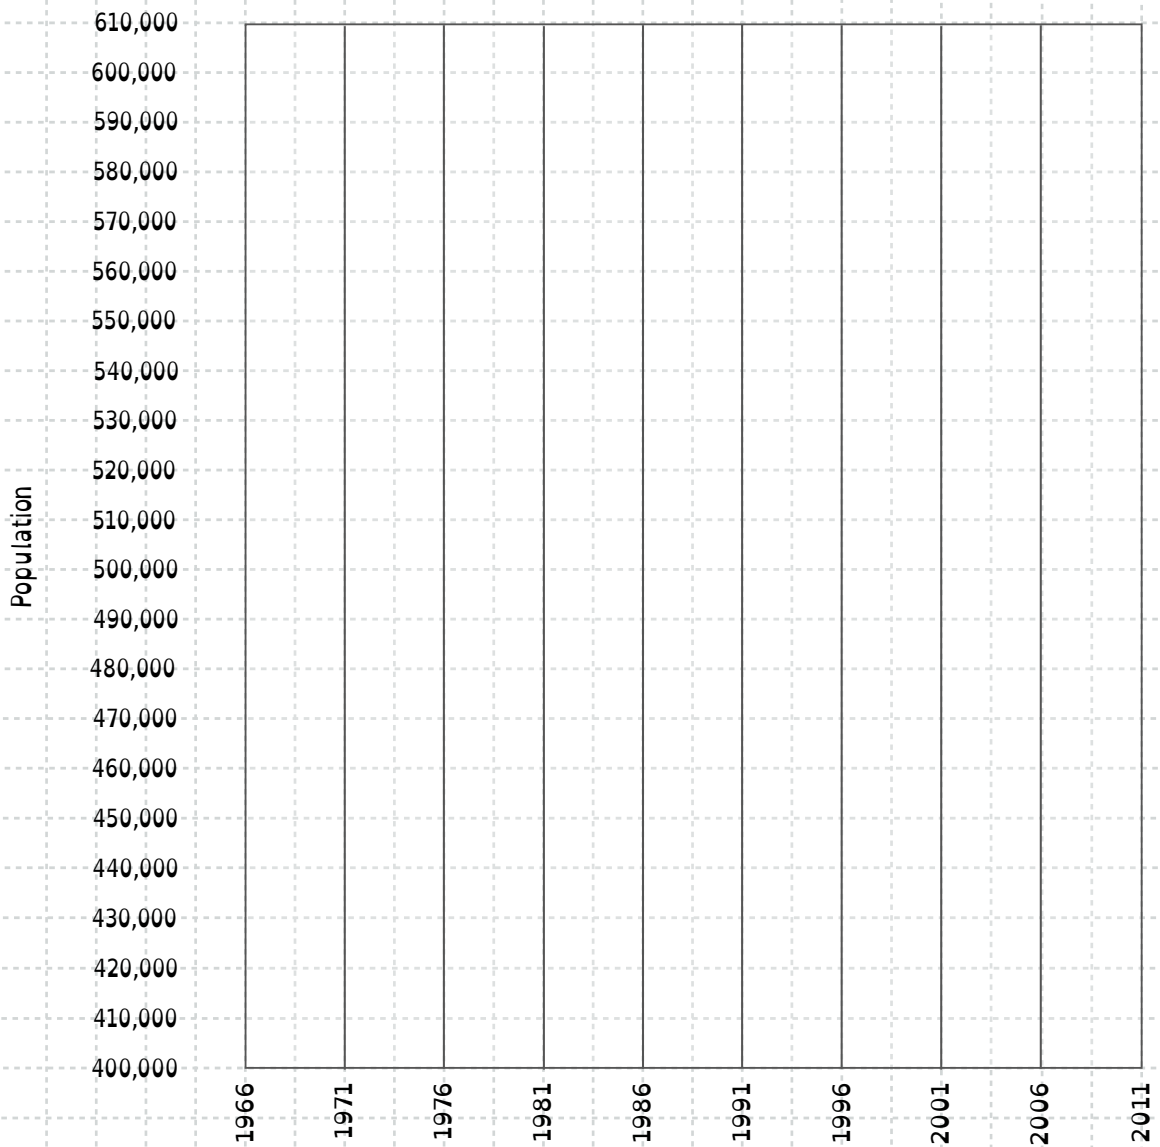

Graphing – 1.18

Create a line graph using information from the story.

The chart on the back of this page shows the population of the City of Vancouver over the past fifty years. Round those numbers to the nearest thousand before graphing.

Population of the City of Vancouver (1966-2011)

Source: https://en.wikipedia.org/wiki/Demographics_of_Vancouver

Year	Actual Number	Rounded Estimate
1966	410,375	
1971	426,256	
1976	410,188	
1981	414,281	
1986	431,147	
1991	471,644	
1996	514,008	
2001	545,671	
2006	578,041	
2011	603,502
