

Learning To Divide – 1.29

Division questions are often written as shown on this page. Yet you can find the answers to them using the same methods.

$$\textcircled{1} \quad 8 \overline{) 78}$$

$$\textcircled{2} \quad 8 \overline{) 53}$$

$$\textcircled{3} \quad 7 \overline{) 29}$$

$$\textcircled{4} \quad 5 \overline{) 49}$$

$$\textcircled{5} \quad 4 \overline{) 43}$$

$$\textcircled{6} \quad 6 \overline{) 51}$$

$$\textcircled{7} \quad 3 \overline{) 23}$$

$$\textcircled{8} \quad 5 \overline{) 80}$$
