

Measurement – 1.6

Use a ruler to draw lines of different lengths.

The grid contains the following measurement lines:

- 6 centimeters (horizontal, from column 1 to column 7)
- 4 centimeters (horizontal, from column 1 to column 5)
- 3 centimeters (horizontal, from column 1 to column 3)
- 8 centimeters (horizontal, from column 1 to column 9)
- 10 centimeters (horizontal, from column 1 to column 11)
- 12 centimeters (horizontal, from column 1 to column 13)
- 7 centimeters (horizontal, from column 1 to column 8)
- 11 centimeters (horizontal, from column 1 to column 12)
- 5 centimeters (horizontal, from column 1 to column 6)
- 15 centimeters (horizontal, from column 1 to column 15)
- 4 centimeters (vertical, from row 4 to row 8)
- 7 centimeters (vertical, from row 6 to row 13)
- 12 centimeters (vertical, from row 1 to row 13)
