

# Starting Subtraction – 1.2

The biggest number goes first when we subtract.

1.

$$4 - 2 = \square$$

2.

$$3 - 1 = \square$$

3.

$$5 - 3 = \square$$

4.

$$6 - 2 = \square$$

5.

$$2 - 2 = \square$$

6.

$$3 - 0 = \square$$

7.

$$4 - 3 = \square$$

8.

$$6 - 5 = \square$$

9.

$$6 - 1 = \square$$

10.

$$5 - 0 = \square$$

11.

$$5 - 4 = \square$$

12.

$$6 - 3 = \square$$

13.

$$4 - 1 = \square$$

14.

$$2 - 1 = \square$$

15.

$$5 - 2 = \square$$

16.

$$3 - 2 = \square$$
