

Starting Subtraction – 1.6

There are all kinds of patterns in math. Look for them!

1.

$$8 - 5 = \square$$

2.

$$5 - 3 = \square$$

3.

$$4 - 1 = \square$$

4.

$$6 - 4 = \square$$

5.

$$9 - 2 = \square$$

6.

$$9 - 5 = \square$$

7.

$$3 - 2 = \square$$

8.

$$4 - 1 = \square$$

9.

$$4 - 1 = \square$$

10.

$$2 - 2 = \square$$

11.

$$9 - 7 = \square$$

12.

$$8 - 0 = \square$$

13.

$$8 - 4 = \square$$

14.

$$5 - 2 = \square$$

15.

$$7 - 2 = \square$$

16.

$$9 - 4 = \square$$
