

The Times Tables — 1.10

Multiply any number by 2 and the answer will be an **EVEN** number.

1.

$$5 \times 2 = \square \square$$

9.

$$0 \times 2 = \square$$

2.

$$4 \times 2 = \square$$

10.

$$2 \times 11 = \square \square$$

3.

$$2 \times 10 = \square \square$$

11.

$$9 \times 2 = \square \square$$

4.

$$2 \times 8 = \square \square$$

12.

$$10 \times 2 = \square \square$$

5.

$$6 \times 2 = \square \square$$

13.

$$2 \times 3 = \square$$

6.

$$2 \times 12 = \square \square$$

14.

$$2 \times 0 = \square$$

7.

$$1 \times 2 = \square$$

15.

$$12 \times 2 = \square \square$$

8.

$$2 \times 7 = \square \square$$

16.

$$2 \times 6 = \square \square$$
