

The Times Tables — 1.2

You can learn Math Facts better by saying them out loud as you work.

1. $4 \times 1 = \square$

9. $1 \times 2 = \square$

2. $1 \times 3 = \square$

10. $1 \times 6 = \square$

3. $1 \times 5 = \square$

11. $1 \times 4 = \square$

4. $6 \times 1 = \square$

12. $7 \times 1 = \square$

5. $1 \times 7 = \square$

13. $2 \times 1 = \square$

6. $1 \times 9 = \square$

14. $1 \times 8 = \square$

7. $8 \times 1 = \square$

15. $1 \times 1 = \square$

8. $1 \times 4 = \square$

16. $5 \times 1 = \square$
