

The Times Tables — 2.6

Skip count from zero if you forget a fact.

1.

$8 \times 0 = \square$

9.

$12 \times 2 = \square\square$

2.

$5 \times 3 = \square\square$

10.

$5 \times 1 = \square$

3.

$5 \times 9 = \square\square$

11.

$5 \times 2 = \square\square$

4.

$2 \times 6 = \square\square$

12.

$4 \times 5 = \square\square$

5.

$1 \times 9 = \square$

13.

$2 \times 11 = \square\square$

6.

$5 \times 12 = \square\square$

14.

$5 \times 8 = \square\square$

7.

$11 \times 5 = \square\square$

15.

$5 \times 7 = \square\square$

8.

$6 \times 2 = \square\square$

16.

$10 \times 5 = \square\square$
