

The Times Tables — 3.0

Now we'll start learning the 3, 4 and 6 Times Tables, too.

1. $3 \times 1 = \square$

2. $3 \times 2 = \square$

3. $3 \times 3 = \square$

4. $3 \times 4 = \square\square$

5. $3 \times 5 = \square\square$

6. $3 \times 6 = \square\square$

7. $4 \times 1 = \square$

8. $4 \times 2 = \square$

9. $4 \times 3 = \square\square$

10. $4 \times 4 = \square\square$

11. $4 \times 5 = \square\square$

12. $4 \times 6 = \square\square$

13. $6 \times 1 = \square$

14. $6 \times 2 = \square\square$

15. $6 \times 3 = \square\square$

16. $6 \times 4 = \square\square$

17. $6 \times 5 = \square\square$

18. $6 \times 6 = \square\square$

19. $5 \times 5 = \square\square$

20. $2 \times 10 = \square\square$

21. $12 \times 0 = \square$

22. $2 \times 8 = \square\square$
