

# The Times Tables — 3.1

Use the number line or Skip Counting for any facts that you do not know.

1.  $3 \times 3 = \square$

11.  $2 \times 3 = \square$

2.  $2 \times 7 = \square\square$

12.  $3 \times 2 = \square$

3.  $3 \times 5 = \square\square$

13.  $1 \times 9 = \square$

4.  $5 \times 5 = \square\square$

14.  $3 \times 9 = \square\square$

5.  $3 \times 7 = \square\square$

15.  $2 \times 12 = \square\square$

6.  $5 \times 10 = \square\square$

16.  $3 \times 10 = \square\square$

7.  $3 \times 8 = \square\square$

17.  $5 \times 6 = \square\square$

8.  $2 \times 5 = \square\square$

18.  $3 \times 12 = \square\square$

9.  $3 \times 4 = \square\square$

19.  $0 \times 9 = \square$

10.  $3 \times 6 = \square\square$

20.  $3 \times 11 = \square\square$
