

The Times Tables — 5.21

Many kids need to "over learn" some things to make them stick.

1. $6 \times 8 = \underline{\quad}$

2. $10 \times 10 = \underline{\quad}$

3. $7 \times 2 = \underline{\quad}$

4. $4 \times 8 = \underline{\quad}$

5. $3 \times 7 = \underline{\quad}$

6. $8 \times 9 = \underline{\quad}$

7. $11 \times 9 = \underline{\quad}$

8. $12 \times 4 = \underline{\quad}$

9. $10 \times 11 = \underline{\quad}$

10. $6 \times 11 = \underline{\quad}$

11. $3 \times 6 = \underline{\quad}$

12. $12 \times 7 = \underline{\quad}$

13. $8 \times 2 = \underline{\quad}$

14. $5 \times 3 = \underline{\quad}$

15. $4 \times 7 = \underline{\quad}$

16. $2 \times 12 = \underline{\quad}$

17. $9 \times 10 = \underline{\quad}$

18. $8 \times 4 = \underline{\quad}$

19. $9 \times 7 = \underline{\quad}$

20. $5 \times 6 = \underline{\quad}$

21. $3 \times 2 = \underline{\quad}$

22. $11 \times 0 = \underline{\quad}$

23. $5 \times 9 = \underline{\quad}$

24. $8 \times 7 = \underline{\quad}$

25. $11 \times 12 = \underline{\quad}$

26. $10 \times 7 = \underline{\quad}$

27. $2 \times 7 = \underline{\quad}$

28. $11 \times 8 = \underline{\quad}$

29. $12 \times 2 = \underline{\quad}$

30. $7 \times 12 = \underline{\quad}$

31. $9 \times 3 = \underline{\quad}$

32. $7 \times 11 = \underline{\quad}$

33. $12 \times 9 = \underline{\quad}$

34. $3 \times 4 = \underline{\quad}$

35. $1 \times 12 = \underline{\quad}$

36. $2 \times 5 = \underline{\quad}$

37. $12 \times 10 = \underline{\quad}$

38. $12 \times 11 = \underline{\quad}$

39. $12 \times 12 = \underline{\quad}$

40. $6 \times 10 = \underline{\quad}$

41. $5 \times 4 = \underline{\quad}$

42. $3 \times 3 = \underline{\quad}$

43. $7 \times 4 = \underline{\quad}$

44. $4 \times 2 = \underline{\quad}$

45. $11 \times 6 = \underline{\quad}$

46. $8 \times 12 = \underline{\quad}$

47. $2 \times 2 = \underline{\quad}$

48. $3 \times 11 = \underline{\quad}$

49. $6 \times 9 = \underline{\quad}$

50. $3 \times 8 = \underline{\quad}$

51. $2 \times 9 = \underline{\quad}$

52. $9 \times 12 = \underline{\quad}$

53. $9 \times 8 = \underline{\quad}$

54. $2 \times 6 = \underline{\quad}$
