

The Times Tables — 5.22

Are you making some mistakes over and over again?

1. $4 \times 10 = \underline{\quad}$

2. $6 \times 2 = \underline{\quad}$

3. $9 \times 4 = \underline{\quad}$

4. $6 \times 12 = \underline{\quad}$

5. $5 \times 7 = \underline{\quad}$

6. $10 \times 12 = \underline{\quad}$

7. $11 \times 4 = \underline{\quad}$

8. $8 \times 7 = \underline{\quad}$

9. $9 \times 5 = \underline{\quad}$

10. $11 \times 11 = \underline{\quad}$

11. $12 \times 5 = \underline{\quad}$

12. $12 \times 8 = \underline{\quad}$

13. $2 \times 3 = \underline{\quad}$

14. $4 \times 5 = \underline{\quad}$

15. $6 \times 6 = \underline{\quad}$

16. $7 \times 0 = \underline{\quad}$

17. $9 \times 9 = \underline{\quad}$

18. $9 \times 2 = \underline{\quad}$

19. $3 \times 6 = \underline{\quad}$

20. $4 \times 9 = \underline{\quad}$

21. $7 \times 12 = \underline{\quad}$

22. $5 \times 11 = \underline{\quad}$

23. $2 \times 4 = \underline{\quad}$

24. $4 \times 8 = \underline{\quad}$

25. $10 \times 9 = \underline{\quad}$

26. $8 \times 8 = \underline{\quad}$

27. $5 \times 9 = \underline{\quad}$

28. $10 \times 4 = \underline{\quad}$

29. $9 \times 1 = \underline{\quad}$

30. $5 \times 5 = \underline{\quad}$

31. $2 \times 11 = \underline{\quad}$

32. $7 \times 9 = \underline{\quad}$

33. $10 \times 6 = \underline{\quad}$

34. $11 \times 10 = \underline{\quad}$

35. $5 \times 8 = \underline{\quad}$

36. $3 \times 5 = \underline{\quad}$

37. $8 \times 6 = \underline{\quad}$

38. $11 \times 9 = \underline{\quad}$

39. $12 \times 3 = \underline{\quad}$

40. $5 \times 2 = \underline{\quad}$

41. $2 \times 7 = \underline{\quad}$

42. $4 \times 11 = \underline{\quad}$

43. $11 \times 12 = \underline{\quad}$

44. $12 \times 9 = \underline{\quad}$

45. $6 \times 4 = \underline{\quad}$

46. $8 \times 9 = \underline{\quad}$

47. $7 \times 7 = \underline{\quad}$

48. $6 \times 3 = \underline{\quad}$

49. $3 \times 10 = \underline{\quad}$

50. $8 \times 6 = \underline{\quad}$

51. $9 \times 12 = \underline{\quad}$

52. $3 \times 4 = \underline{\quad}$

53. $6 \times 9 = \underline{\quad}$

54. $12 \times 6 = \underline{\quad}$
